MLP-10 MINI LINEAR PALLETISER

The MLP-10 Linear Palletiser provides a new lower cost, small footprint palletising alternative whilst still being able to operate at up to 45 cartons per minute.*

Benefits of the MLP-10 and MLP-12 systems:

- ⇒ Touch Screen for operator control
- ⇒ Flexible and easy programming of carton sizes and patterns — Once Pallet Patterns are programmed, just enter carton size, select the preset pallet pattern and number of pallets per pallet
- ⇒ Pre-programming multiple recipes for various product sizes and patterns
- ⇒ Vacuum or gripper heads for different products up to 35kg
- ⇒ Automatic product infeed conveyors available
- ⇒ Extended infeed conveyors available to suit your requirements
- ⇒ Cat 3 integrated safety system with interlocks & E-Stops
- ⇒ Small footprint^s
 - MLP-10 single pallet approx 2.1m x 2.5m
 - MLP-12 Single pallet approx 2.4m x 2.5m
 - MLP-12 Double pallet approx 4.2m x 2.5m
- ⇒ Modular and expandable—units can be combined for higher throughput speeds

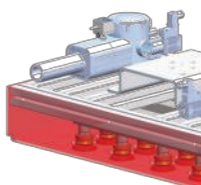

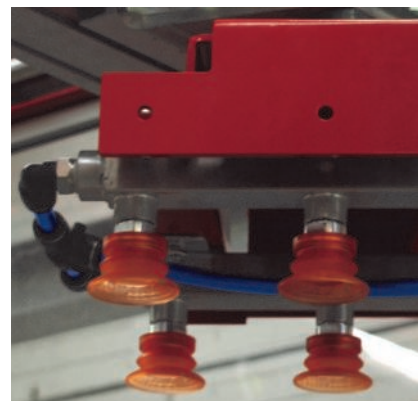

- ⇒ Easy to use with Touch-Screen Controls
- ⇒ Over 160 pallet patterns available
- ⇒ Up to 45 cartons/ min*
- ⇒ Up to 5 pallets simultaneously
- ⇒ Integrated Stretch Wrapper option

TESTIMONIAL

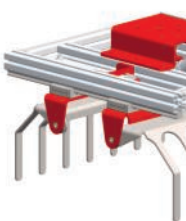

COST EFFECTIVE & SAVES YOU MONEY

By installing an MLP-12 with integrated stretch wrapper and infeed conveyor, we have reduced the cost per unit of product produced by 5% overall, including reducing labour by 33% and in the process have removed a WHS manual handling problem and reduced our insurance premiums and payroll tax.

MLP-12 MINI LINEAR PALLETISER

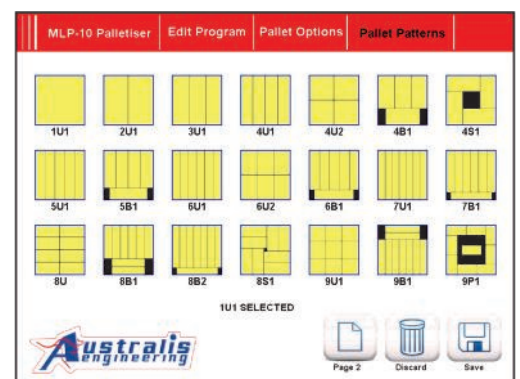

The MLP-12 is the sister system to the MLP-10. Featuring common control systems, grippers and safety the MLP series offers flexibility to suit all applications.

The MLP-12 offers the ability to palletise to multiple pallets as well as offering multiple infeed options.
